1908 PLATFORM OF DEMOCRACY OUTLINED

Not Demand Absolute Government Ownership Railroads.

TARIFF REFORM IS MAIN PLANK

National Committeeman Dahlman Portrays Probable Changes in the Event that Bryan Controls the Convention.

Chicago, April 22.—A dispatch to the Record-Herald from Omaha, Neb., says:

The Democratic platform of 1908, if W. J. Bryan controls the convention, will not demand absolute government ownership of railroads. This was authoritatively announced Friday by James C. Dahlman, national committeeman from Nebraska. The statement is in the nature of an official announcement for the reason that Mr. Dahlman is in close touch with Mr. Bryan. From the same source it is stated that tariff reform will again become a dominant feature of the platform. While Mr. Dahlman was not able to go into minute details he says the prominent planks in Mr. Bryan's platform will concern trusts, the tariff, state regulation and money, the railroad ownership plank, of course, being conspicuous by its absence.

Constitutional guarantees will have a strong indorsement, and the acceptance of campaign contributions from trusts and large corporations will receive severe condemnation. The platform will define the necessity for and proper use of money contributed for running campaigns.

Usurpation of power by the president also will be made a strong point and the convention will be asked to declare that President Roosevelt in this respect as well as in the matter of acepting or approving campaign contributions, has overstepped the true Democratic principles.

Government economics will receive the usual attention and a halt will be demanded in naval circles. It will be declared that the vast sums spent on armament may be much better employed in irrigating the plains of the west. Development of river navigation is to be indorsed.

Election of the United States senators by direct vote of the people, reformation of civil service rules and a strong foreign policy will be strongly proclaimed and pledged.

No overtures of any sort are to be made to the Populists, beyond a general invitation directed to all classes to join forces with the Democratic party in an effort to enforce the principles proclaimed and demanded in the Democratic faith.

LEISCHMAN'S ADROIT MOVE.

Places Porte in Awkward Position Regarding the Sultan.

Constantinople, April 22.—Ambassador Leischman has made a new move in the American school question by which he has placed the porte in the awkward position of appearing to thwart the will of the sultan.

In his last communication to the foreign office the ambassador pointedly called attention to the fact that notwithstanding the formal presentation and pledge of his majesty as to satisfactory settlement of the school question would be arranged, the porte has utterly failed to carry out the imperial assurances. The position of Mr. Leischman in thus holding the porte responsible for the delay is regarded in diplomatic circles here as being very adroit.

Even Turkish circles admit that it places the goverament in the unenviable light to seeming to oppose the execution of the sultan's promises.

Mad Dog Bites Children.

Mitchell, Ga., April 22.—Dock Bridges, who resides about six miles east of Calker, Ga., came to town Thursday with two of his small children who were bitten by a pet dog. E. L. Walden, who has a mad-stone, applied the stone to the smallest one of the children and the stone adhered to the bitten hand.

CENTENARIANS TO MARRY.

Man 101 Years of Age Will Wed Woman Aged 100, in August.

St. Louis, April 22.—Announcement was made Friday that on August 26, John B. Bundren, who, on April 1st, was 101 years old, will be united in marriage to Miss Rose McGuire, who is almost one hundred years of age.

The wedding will take place on Mr. Bundren's estate near Tatesville, in Tennessee. He has been visiting relatives in St. Louis for several weeks, and has just returned to Tennessee.

Bundren and Miss McGuire were sweethearts in Tennessee in her youth. Her parents, of English descent, would not consent to their marriage, and finally returned to England, taking their daughter with them.

Bundren went to California and acquired considerable wealth. He never married. From California he returned to Tennessee and bought his birthplace near Tatesville. He decided to hold a reunion of old friends on his estate this year, and sent out numerous invitations.

Not long ago he received a letter from Miss McGuire. Correspondence followed, and he renewed his offer of marriage and was accepted. The date for the wedding and the reunion of friends has been set for August 26, on the bride's birthday anniversary, when she will be one hundred years old.

The prospective groom has long had white hair. John Bundren, of St. Louis, a namesake, will be best man.

FINNS ARE ALARMED.

Recent Step Regarded as Prelude to Military Occupation in Finland.

St. Petersburg, April 22.—The officers of the several cavalry and artillery regiments of the guard have been notified that maneuvers in Finland may be substituted this year for the usual exercises in the summer camp at Kraznoye-Selo. The news has caused considerable alarm among the Finns, who regard the step as a prelude to the military occupation of Finland.

The recent captures of cartridges from abroad, which were supposed to be for importation into Russia through Finland, and the capture of cartridges in Finland itself intended for the revolutionists in that part of the empire, has strengthened the hands of anti-Finnish associations.

The squadrons of the torpedo boats have been formed to guard the gulfs of Bothina, and Finland stations are being established at Dorismund, Nikolaistan, Abo and other ports.

Decision of Rhode Island Judge.

Providence, R. I., April 22.—Chief Yeoman Frederick Buenzle, who was barred from a dance hall in Newport because, as he claims, he was wearing the uniform of the United States navy, can recover at law only the price of his admission ticket, according to a decision handed down by William H. Sweetland, chief presiding officer of the Rhode Island superior court. The decision, which is long and which overruled the demurrers presented by the defense, says the legal rights of a man wearing the United States uniform are not different from those of any well behaved person who possesses a ticket of admission to any place of amusement.

Baseball President Demands Apology.

Montgomery, Ala., April 22—President Chambers of the Montgomery Baseball club, has demanded an apology of Manager Smith, of the Atlanta Baseball club, for using profane language in the presence of ladies at the park Friday, the apology to be made before the grand stand. Smith is charged with swearing at Umpire Rinn. Smith says he will die before he will apologize, stating that he did not use profane language. In case of refusal, Chambers will order the arrest of the Atlanta manager.

Creates New Department.

London, April 22.—The colonial conference at Saturday's session unanimously agreed to support the creation of a new permanent department of the colonial office, with an independent secretary to deal with matters of general imperial interests.

TAFT AND HUGHES MAY BE NOMINEES

Regarded by Republicans as a Strong Combination.

THE IDEA SEEMS POPULAR ONE

Preliminary Campaign Practically Concentrated in the Two States of Ohio and New York—Roosevelt Not Behind Ticket.

Chicago, April 22.—A Tribune dispatch from Washington says:

Taft and Hughes! That is the ticket which seems to the majority of the administration followers the strongest, and they point out the fact that the preliminary campaign practically is concentrated in the two states of Ohio and New York.

In each state he has the right to ask for vindication through the indorsement of a candidate in sympathy with his point of view on governmental matters. The idea of coupling the secretary of war with the governor of New York has proved a popular one. Experienced politicians say it would be about as strong a combination as could be imagined. Each of the two men would bring force to the ticket, and do it, too, in a state more or less uncertain, according to ordinary political standards.

It should not be understood, of course, that President Roosevelt is behind this ticket, but the names of Taft and Hughes are grouped together so often by people who are in the confidence of the president as to give the impression that the ticket would meet with his approval to an extraordinary degree.

DAMAGE OVER ESTIMATED.

Loss of Life from the Recent Earthquake Not Over 100.

Mexico City, April 22.—Communications have now been opened with all the important points in the section most affected by the earthquake.

The latest reports indicate that the loss of life will not reach a hundred, but many persons have been injured and the property loss is very great.

Vice President Corral in a communication published declares that the whole of the state of Guerrero has been devastated.

Thousands of dollars are being subscribed to the fund being raised in this city for the relief of the earthquake sufferers.

Mayor Must Pay Back.

Montgomery, Ala., April 22.—The supreme court has again ruled against W. M. Drennen, mayor of Birmingham for three terms, in holding that he was not entitled to pay in excess of the statutory salary of $2,500 for cities of the size of Birmingham. In so holding, the court of last state resort decrees that the aforetime head of the Magic City government must pay back the sum of $2,165.48. The case has been to the supreme court three times. It was brought by G. Griffin, a taxpayer.

Sought Watery Grave.

Jacksonville, Fla., April 22—L. F. Ford, of Philadelphia, said to be superintendent of construction of the Pennsylvania railroad, committed suicide Friday morning by leaping overboard from the Clyde line steamer Comanche, just off the jetties before she entered this harbor. Ford's wife was aboard the ship. They took passage on the steamer from New York. The body was recovered.

Snowflakes Flying in Colorado.

Colorado Springs, Colo., April 22.—Ten inches of snow fell last night, and the storm Saturday shows no sign of abatement.

PROPERTY LOSS $100,000.

Thousands of Natives Destitute from Iloilo Fire.

Manila, April 22.—The latest reports from Iloilo, say that the fire has been checked. The native quarters of the city were destroyed. The property loss is estimated at $100,000 gold.

The business section of the city is untouched, it being saved by the military and constabulary. Several hundred houses were destroyed and 8,000 to 9,000 natives made homeless. Adequate relief measures have been taken. The homeless have been housed in the school houses and other buildings. The province and the city will provide food for the refugees, and no unusual suffering is feared.

There was no loss of life by the earthquake. The shocks, while the most severe experienced in fifteen years, were not violent enough to cause much destruction. Dispatches from points in several provinces report severe shocks, but little damage. The total damage caused by the earthquake in the entire archipelago will not exceed $10,000.

Daughters American Revolution.

Washington, April 22—At the closing session Saturday of the sixteenth continental congress of the Daughters of the American Revolution, the question of the investment of the society's finances will be discussed. When this matter is taken up Mrs. Davis, the retiring treasurer-general, will, it is said, discuss the organization's policy in investing funds in its treasury in railroad securities, which she claims have been an unprofitable venture.

More Russians Coming.

St. Petersburg, April 22—Owing to the political and economical crisis 300,000 Russian subjects will emigrate to America this year, according to the director of the emigration department. Hitherto the yearly exodus has been about 250,000, of whom two-thirds were Jews. The persentage of orthodox Russians who emigrate is increasing. The director says most of the emigrants will go west to Iowa, Minnesota, Nebraska and the Dakotas.

Stolen Money Traced.

He said the two banking houses stand in the position of innocent purchasers.

IMMENSE FORTUNE IS TO BE DIVIDED

Multi-Millionaire Makes Many Persons Rich.

ESTATE OF JOHN HENRY SMITH

Lady Cooper, of England, Will Receive Lion's Share of His Wealth, Making Her the Richest Woman in the World.

New York, April 22.—A London dispatch to the Times says that Sir George Alexander Cooper, bart., and Lady Cooper, sailed Friday on the steamer Deutschland for the United States to aid in the settlement of the estate of James Henry (Silent) Smith, who died in Japan recently while on a honeymoon trip around the world. Lady Cooper is a sister of Mr. Smith and her English friends understand that the greater part of his estate, which is reported to amount to over $70,000,000 has been left to her by his will.

According to the information obtained in London, the duchess of Manchester, daughter of Eugene Zimmerman, of Cincinnati, who, with her husband, the duke of Manchester, was on the trip with Mr. Smith at the time of his death, has been remembered in Mr. Smith's will.

Lady Cooper and James Henry Smith were children of George S. Smith, of Evanston, Ills., a cousin of George Smith, the Chicago real estate owner and promoter of the Chicago, Milwaukee and St. Paul railroad and other western enterprises. George Smith left James Henry Smith a fortune of $50,000, and Lady Cooper is said to have received an equal amount from his estate.

The Times says that should the news cabled by its London correspondent be confirmed, Lady Cooper will become the richest woman in the world.

Posse Shoot Into Convicts.

Summerville, Ga., April 22—Four negro convicts, who recently escaped from the Durham coal mines, at Pittsburg, entered the home of J. E. Denson, in Chattooga county, securing clothing and provisions and $5 in money. They threw off their covict garb and put on some of the stolen clothes. A posse formed immediately and chased them. Thursday afternoon they were overtaken in a patch of woods, and the posse began firing upon them. One convict was killed and two others wounded, perhaps fatally. The fourth convict escaped.

Chattanooga, Tenn., April 22.—A special from Winchester says the grand jury of that place has indicted several officers of the Bank of Winchester, who, it is alleged, were implicated in the failure of the bank recently. Former Cashier Frant Pattie was indicted for falsifying his report and on the charge of embezzlement of $18,000. J. W. Pattie, his father, was indicted, charged with larceny on overdraft of $30,000. T. W. McBride was indicted because of overdraft of $63,000, and Joe Pattie was indicted for larceny of $1,000.

AND MEN AT THE STATE CAPITOL

(By L. J. Brumby.)

(Continued from Saturday's Letter.)

Tallahassee, April 20.—After sessions that broke the monotony of the usual Friday morning sessions, both houses of the Legislature readjourned until 3:30 p. m. Monday. A number of the members have gone home for Sunday, while the others will spend tomorrow in committee work, and in preparing measures for next week's sessions.

The measure amending the charter of the John B. Stetson University at DeLand was introduced in the Senate by Mr. Humphreys and in the House by Mr. Knight of Columbia, and referred to the proper committees. The bill was drawn up by a committee of representative Babtists of the State, appointed by the Florida Baptist Convention at Live Oak several months ago, Ex-Governor Jennings being among the number. The intention of the bill is to put the University under the control of the Florida Baptist Convention, which was the first sponsor of the institution, by making the trustees elective by the Convention for a period of from two to six years, instead of making the body a self-perpetuating one with life tenure of office for the members.

Senator West of the First and Representative Paul of Holmes introduced in their respective houses Kehoe sub-resolution proposing an amendment to the Constitution relative to census and apportionment, under which the limit of 100 would be done away with and each county entitled to a Senator and one Representative for each 15,000 population or fraction thereof amounting to 7,500. This would increase the Legislature as at present constituted by 14 Senators and 16 Representatives, making the total of 130 in both houses. Under this proposed amendment under the last State census Hillsborough county would have in the Lower House four members, Duval the same number, Alachua and Escambia three, and Marion and Jackson, though with a smaller population, three also.

The Senate adopted the House resolution requesting the Governor to remove the sheriffs in dry counties who fail to enforce the local option laws.

By a unanimous vote the Senate sustained the veto messages from the Governor on measures without approval after the adjournment of the Legislature of 1905, the bills being respectively one extending the time for beginning work on the Pan-American railway, for and three franchises granted to the Manatee Light and Traction Company to operate street cars and electric lighting and power business in Manatee and Bradentown.

Both houses received messages from the Governor transmitting the report of the State Auditor upon several of the State departments, which were ordered spread on the journal.

A warm debate ensued in the Senate over President Harris' child-labor bill, Senator Humphreys occupying the chair temporarily. The committee on Organized Labor reported the bill favorably with amendments, one of which reduced the age limit from sixteen to fourteen, which were accepted. Senator Henderson moved to make it ten instead of fourteen, which was strongly opposed by Senator Harris and others. Senator Beard suggested a compromise that the bill should not apply to agricultural pursuits and household work, to relieve the situation in the Black Belt which would be created by making the limit as high as 16 years, and this was agreed to, though not unanimously. Senator McCreary offered a substitute that an amendment excepting apprentices in printing offices, but this was lost, as was an amendment by Senator Buckman, excepting children employed in delivering ice, fruit, bread and groceries. An amendment was then offered by Senator Henderson striking out the exception in favor of newsboys, which was adopted by a close vote.

In the House a resolution was received from the county superintendents' association in favor of a graduated scale for superintendents' salaries, based on the receipts for the school funds of the various counties, and ranging from $50 to $200 per month. Later resolutions were received stating the opposition of the convention to State uniformity of text books, approving with modifications the Humphreys bill on text books, endorsing the constitutional amendment proposed to allow counties and sub-districts to bond for school buildings and equipments, asking a law requiring county commissioners to levy the maximum school tax if asked by the school board, and covering several other features of less importance. No reference was made in the resolutions to compulsory education. The resolutions last referred to were ordered spread on the journal.

On motion of Mr. Matthews of Marion 500 copies of the Governor's message on State life insurance were ordered printed, and the gentleman from Marion made a speech indicating a very favorable interest in the proposition, which he said came from a brave mind.

SPECIAL OCCASION.

Southern Baptist Convention and Auxiliary Societies, Richmond, Va., May 16-21, 1907.

On account of the above occasion we announce round-trip rate of one fare, plus twenty-five cents in the sale of tickets to Richmond, Va., tickets at this rate being on sale from May 13th until 16th inclusive, with final limit to leave Richmond fifteen days from date of sale. However, by complying with certain conditions and upon payment of fee of $1.00, an extension of this limit to June 17th may be procured.

The Seaboard has been declared the Official Route for delegates to this meeting. Those having the matter in hand were evidently guided in reaching the decision to name the line by some of the attractive features of the service, noticeable among these being the double daily service with through coaches and sleeping cars and then the following: Our people, with an idea of affording delegates to this and other conventions held in Richmond, an opportunity for visiting the Jamestown Exposition, perfected an arrangement whereby the return portion of tickets reading from Richmond are honored from Portsmouth, Virginia, without additional charge. This alone certainly makes the Seaboard especially attractive.

There is a movement now on foot to have the Florida Baptists assemble in Jacksonville, moving from there on the same train—one might say in a body. This, too, will make the trip more pleasant.

COLFAX REBEKAHS WON GRAND HONOR

At the Session of the State Lodge I. O. O. F. in St. Petersburg.

THE TEAM DID GOOD WORK

Work Was Witnessed by Large Number of Delegates to Grand Lodge, And Was Very Impressive, Receiving Many Compliments.

The St. Petersburg Times of April 20 contained a very complimentary remark to the degree team of Colfax Rebekah Lodge No. 2, of this city, for its recent work of conferring the degree at the session of the Grand Lodge in the city on Tampa bay, which will prove of interest to the people of this section. The compliment was deserved, however, as Colfax Rebekah enjoys the reputation of having the most efficient degree team in the State.

The Times says:

"One of the prettiest and most instructive sessions of the Grand Lodge, so far as the Rebekahs were concerned, was held Wednesday evening in the Fair Auditorium, when Colfax Rebekah Lodge No. 2 of Gainesville conferred the Rebekah degree upon twenty-nine candidates and in the presence of about 150 members from different parts of the State and the United States.

"This lodge is one of the best in the State, and when it was given out that its degree staff would confer the degree on the candidates the members of Golden Rod Rebekah lodge were very anxious to see the work, and made arrangements to have some candidates for them with the above result.

"The lodge was opened in due form by the officers of Golden Rod lodge and compliments were heard on all sides of the creditable manner in which they did their part of work, but the best was to come and every one was anxiously waiting for the time to come when they could witness the work of this much talked of team and none were disappointed, for the whole initiation was carried out without a blunder and the team received much applause at different intervals during the ceremony and at its close every one was so enthused that words could not express their admiration but they were high in their praises of their excellent work.

"Much credit is due their captain, J. W. Blanding, and his excellent team of young ladies for the manner in which they acquitted themselves, each member doing her part with credit to herself, her lodge, and more all showing how untiring and successful had been the efforts of their captain.

"The officers of Colfax lodge who deserve so much honor and praise for this evening's work were as follows:

"N. G., Miss Gertrude Cushman; V. G., Miss Maud Shutt; R. S., Miss Maud McKay; F. S., Mrs. A. M. Cushman; Treasurer, Miss Laura Baird; Chaplain, Mrs. M. B. Saunders; R. S. to N. G., Miss Clara Runkle; R. S. to V. G., Miss Bettie Goss; R. S. to C. G., Miss Mamie Hill; Conductress, Miss Nell Dempsey; Warden, Miss Gertrude Robertson; I. S., Miss Tirzah Whitherspoon; P. N. THESE GREEKS WERE BAD.

Under Influence of Liquor, Were Put Off Train and Arrested.

Monday afternoon, upon the arrival of the north-bound train on the Atlantic Coast Line, three Greeks, who boarded the train in Ocala in an intoxicated condition, were ejected by the conductor here, and in a very short time were placed under arrest by Marshal Arnow and Deputy Sheriff Walker, and placed in the city jail. It is said that they resisted arrest, and were very ugly in their manner for a while, until they were convinced that the officers were determined to do their duty.

Passengers on the train stated that the men, who held tickets from Crystal River for Jacksonville, were very boisterous, and that the efforts of the conductor and train crew to quiet them were useless.

The men will be given a hearing before the Mayor's court this morning, and will no doubt get all that's coming to them, to use the expression.

When the men were placed under arrest, one of them proceeded to pay his respects to Marshal Arnow in terms anything but complimentary. He didn't like the idea of being molested.

Breach in Party Widens.

Havana, April 22.—A manifesto has been issued by the partisans of Alfredo Sexias declaring for him as the nominee for the presidency. The signers say that they did not intend to talk about his candidacy, but were compelled to do so by the open work of the liberal faction supporting Jose Migual Gomez. The breach in the party is widening.

Dawson, Ga., Storm Tossed

Dawson, Ga., April 23.—A storm of considerable severity struck Dawson Friday morning, alarming the citizens and doing much damage. The Central of Georgia depot was partly unroofed. Two tenant dwellings in the southern part of the city were demolished, the occupants miraculously escaping injury. Several other dwellings were injured.

CURES ALL SKIN TROUBLES.

Sulphur the Accepted Remedy for a Hundred Years.

Sulphur is one of the greatest remedies nature ever gave to man. Every physician knows it cures skin and blood troubles. HANCOCK'S LIQUID SULPHUR enables you to get the full benefit in most convenient form. Don't take sulphur "tablets" or "wafers," or powdered sulphur in molasses. HANCOCK'S LIQUID SULPHUR is pleasant to take and perfect in its action. Druggists sell it.

A well known citizen of Danville, Pa., writes: "I have had an aggravated case of Eczema for over twenty-five years. I have used seven 50-cent bottles of the LIQUID, and one jar of your HANCOCK'S LIQUID SULPHUR OINTMENT, and now I feel as though I had a brand new pair of hands. It has cured me and I am certain it will cure anyone if they persist in using HANCOCK'S LIQUID SULPHUR according to directions.

"BUTLER EDGAR."

Would Be Important Discovery.

New York, April 22.—Dr. E. Simon Flexner, of the Rockefeller institute for medical research, who has been searching for a remedy for cerebro-spinal meningitis (spotted fever), believes that he is near the goal. In tracing the virulence of the disease and to discover a check, he has used innumerable mice, guinea pigs, rabbits and monkeys. A practical antitoxin will be brought out as a result of the research, it is hoped.

THE DAILY SUN, 10c a Week

Passed Away at Home of Son.

J. R. W., Grissome, eighty-six years of age, died at the home of his son, W. F. Grissome, Rochelle, Sunday night, after a feebleness covering a period of several months.

Deceased was a pioneer citizen, one of the oldest citizens of Gainesville, coming here from his native State, North Carolina, in the early sixties. He enjoyed the distinction of constructing the first court house ever erected in Gainesville, when the county seat was transferred from Newnansville to this city. He has often related, with a great deal of interest, of the days when blackjacks grew where the stately courthouse now stands, and of the exciting deer chases he had experienced in the early days through the dense hammocks and woods where our fine business blocks and residences now stand. Indeed, Mr. Grissome was an interesting character, a picturesque representation of the citizen of pioneer days, and one of the very few left who assisted so materially in the early development of Gainesville. He was a man loved for his charitable kindness, and the whole city will mourn his death.

Deceased was probably the oldest member of Gainesville Lodge No. 41, F. & A. M., being one of the charter members of the lodge. As a Mason he was very active until his advanced age prevented his regular atttendance.

In September of last year deceased was grief-stricken over the death of his wife, who was a Miss Zetrouer, since which time he has been rapidly failing. He is survived by only one son, at the home of whom he breathed his last and to whom the sympathy of the community is extended.

The remains were shipped to Gastonia, N. C., the former home of the deceased, where the funeral will be held and interment made.

The following Masons of this city went to Rochelle upon information of the death of Mr. Grissome: Col. I. E. Webster, Geo. S. Merchant, Turner Pound, Joe Manssee, D. M. Tomkies, Robt. McClellan.

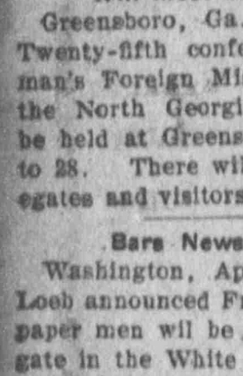
Washington, April 22.—Secretary Loeb announced Friday that no newspaper men wil be allowed to congregate in the White House grounds after nightfall, or to go to the door of the White House in search of information.

SHORT TALKS BY L. T. COOPER.

LIVER TROUBLE.

A dull, sluggish liver always brings a dull, sluggish feeling to the entire body. When the liver works properly the blood courses through the body in a bright red stream. When the liver is inactive the blood becomes dull and muddy, and it is full of poisonous matter.



MICHAEL SILK.

A great many people try to get a fine, clear, pink and white complexion by rubbing things on their faces. They might rub a life time and the same yellow complexion would remain—for the liver causes it. Only bright, red blood brings fine complexions. Blood loaded with impurities from the liver sends the impurities out through the pores of the skin and turns the skin a brownish yellow.

To get rid of the dull, heavy feeling and muddy, yellow complexion get the liver to working again. Two bottles of Cooper's New Discovery will do this nine times out of ten though sometimes it takes four or five bottles.

Here's what a man who tried it says:

"My health had been poorly for several years. My face was yellow and covered with pimples, I was bothered constantly with chronic constipation, had little or no appetite and could not sleep well at night. I became weak and lost all ambition. I tried many different medicines but nothing seemed to help me until I began taking Cooper's New Discovery. It seemed to help me at once. Now, after I have taken several bottles I feel entirely well. My face is clear, I sleep well, have a good appetite and am quite myself again."

"I am deeply grateful for my restored health." Michael Silk, 24 Kentucky Ave., Indianapolis, Ind.

To the Weak and Weary Women of Gainesville.

"There are hundreds of women in this vicinity who are dragging themselves through life in pain and misery, without vitality, strength or health," said our local druggist, W. M. Johnson. "They get no happiness out of life and are just in a condition to be attacked by almost any disease. They need a vitality-making and strength-creating tonic.

"Now, at out expense, we want to ask every such woman to try our cod liver preparation, Vinol, which contains, besides tonic iron, the medicinal elements of cod liver oil, but no oil or grease. It is delicious to take, creates a healthy appetite, makes pure, rich red blood, and gives strength and vigor to every organ of the body better than any medicine we have ever sold in our store, and when a woman is in this condition it makes life worth living.

"When we say 'at our expense' we mean that if the medicine you buy from us and pay for does not benefit you, we will refund every cent of it cheerfully, and thus you try it at our expense."—W. M. JOHNSON, Druggist.

Note—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

It positively cured me of rheumatism after others had failed." Sold by W. M. Johnson.

Fatal Poolroom Duel.

Owensboro, April 22.—William Gooch and Harry Springer, union miners, engaged in a pistol duel in the poolroom at Sturgis, near here, Friday night and both were shot to death. Gooch borrowed a dollar from Winn Moore, a nonunion guard, and Springer remonstrated with him. Hot words followed, and both men pulled revolvers and began firing.

Boat Sunk In Collision.

Valleta, Island of Malta, April 22. While maneuvering during a night attack outside the grand harbor late Friday the British torpedo boat destroyer Ariel collided with the break water and sank. One man was drowned. The Ariel lies in deep water, and it is expected that she will be a total loss.

Good Judgment

Is the essential characteristic of men and women. Invaluable to good business men and necessary to housewives. A woman shows good judgment when she buys White's Cream Vermifuge for her baby—the best worm medicine ever offered to mothers. Many, indeed, are the sensible mothers who write, expressing their gratitude for the good health of their children, which they owe to the use of White's Cream Vermifuge. Sold by W. M. Johnson.

Candidates for Baptism Sunday.

Rev. P. W. Corr of Jasper, one of the most pleasing and impressive speakers in the State, filled the pulpit of the First Baptist church in this city Sunday, both morning and evening, large congregations being present at both services.

At the conclusion of the sermon at the evening service, eight candidates presented themselves for the rites of Baptism, which was administered.

Dr. Corr, who is a member of the faculty of the Jasper Normal Institute, returned to his duties Monday morning.

CATARRH CAN BE CURED.

Kill the Germs by Breathing Hy-o-mei. Gives Quick Relief.

Many people who have suffered with catarrh for years naturally feel that the disease cannot be cured, and become discouraged.

Their failure to get relief is due to the fact that they have not used the right remedy. Catarrh is an affection of the head, throat and lungs, and cannot be cured by stomach dosing.

The only scientific and natural treatment for this disease is Hy-o-mei, which is breathed through a neat pocket inhaler, so that its healing medicated air reaches the most remote air cells, kills all catarrh germs, and restores the mucous membrane of the nose, throat and lungs to a healthy condition.

Hy-o-mei is the only cure for catarrh that has ever been sold with the understanding that it was to cost absolutely nothing unless it cured. J. W. McCollum sells Hy-o-mei in this way and is always ready to refund the money if it does not relieve and cure catarrh.

The healing and antiseptic balsams of Hy-o-mei perform their purpose to perfection, and by using this remedy for a few times each day, you can soon cure yourself of any catarrhal troubles.

A complete Hy-o-mei outfit consisting of a bottle of Hy-o-mei and an inhaler costs but $1.

During the drought Quincy went dry.

Representative Matthews has been referred to as the baldheaded reformer from Marion.

At least it seems we are to have respite from the Thaw trial during the hot weather.

The warlike spirit of their ancestors will live in the Daughters of the American Revolution.

Mrs. Von Claussen and Mrs. Minor Morris ought to form a pretty good nucleus for a Sapphira Club.

Mr. Harriman now explains that what that conspiracy really did was to elect Mr. Roosevelt in 1904.

Beard, Adams, Mallory is the Senatorial thunder now being heard among the politicians at the Capitol.

Very strange, indeed. Every time the President calls someone a liar the utterance is followed by an earthquake.

Now an inquisitive paper has started the inquiry "Where do the flies go?" Probably to Beelzebub. Look up the etymology.

A Philadelphia man has been jailed for marrying 150 women. Seems quite likely that what he needed was an insane asylum.

With all the bad things said about John D. Rockefeller, he cannot be accused of going abroad either for his health or his son-in-law.

If the residents of the Isle of Pines can just hang on to Cuba a little longer, they may be able to enter the United States by the back door.

Violence is seldom justifiable but what are people to do when they hear the Rev. E. Lawrence Hunt is on the lecture platform?

A New Jersey bank teller has been poisoned by handling unclean money. It is a pity a few of the grafters did not get a dose on their fingers.

Five thousand Parisian waiters are on a strike. Everything comes to him who waits, and possibly the waiters are waiting for another tip.

The fact that Senator Humphreys is endeavoring to run the whole State is no reason why opponents of prohibition should "take water."

"Water drinkers will grow fat" says Dr. Wiley, chief of the experimental bureau of the Agricultural Department. Good news for Prohibitionists.

Members of the investigation committee have taken off their glasses and will use both eyes on the two-I which the people of the State are anxious to see into.

With a muzzle on the State press the people will not be able to get informed as to recent additions to the Ananias Club, of which Mr. Hearst is an honorary member.

With a muzzle on the State press the people will not be able to get informed as to recent additions to the Ananias Club, of which Mr. Hearst is an honorary member.

Senator Harris is one of the oldest members of the Senate, though the former has been in the Senate four years longer than the two latter. Messrs Harris and McCreary served four years in the House prior to being promoted to the Senate. Senator Broome would have been the senior member of the Senate in point of consecutive service had it not been that he ran for Secretary of State four years ago instead of the Senate.

Senator Adams is without doubt the most ready debater in the Senate. He is equal to any emergency and is always prepared to meet any situation that confronts him.

Senator Buckman is always on the alert for any measure tending to attack the famous school law which bears his name, and Senator Adams always feels called upon to explain, when he favors a measure, that it in no way repeals the Buckman bill.

Senator Shep Clark is the "ladies' man" of the Senate, it being no uncommon thing to see him on the street in company with from four to six fascinating members of the fair sex.

Levy county has the distinction of having three members of the present Senate, for in addition to Senator Willis both Senators Cottrell and McCreary were reared in that county.

Senator Park Trammell of Polk has been nick-named by some of his colleagues as William Penn, owing to his peculiar resemblances to that great man.

Senator Crews may not be the handsomest man in the Senate, but no one can best him in debating any question in which he is interested. The sturdy old statesman from Bradford never permits an unfavorable committee report to subdue his ardor in pushing a bill through.

Senator Alford's moustache is greatly admired by every one. The genial Senator from the Fifth is the "heavyweight" of the Senate and no member is more universally popular than he.

Like a messenger from heaven, the rains have come as a blessing to the people of this section, scattering its invigorating influence over the crops and the fruits, and giving them new and flourishing life. The draught was a long and continued one, but with that patience and fortitude which has characterized the grateful people of this community, they were reluctant to complain of the inactivity of the laws of nature. The rain has been a blessing, and the fruits and flowers will again blossom as the green bay tree and bear abundant fruit.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

SUES HITCHCOCK FOR $100,000.

Ex-Secretary of Interior Made Joint Defendant by Dr. T. B. Rider.

Atlanta, April 22.—Ex-Secretary of the Interior E. A. Mitchcock, has been served in Hot Springs, Ark., acording to telegraphic advices, with process making him a joint defendant in a suit for $100,000 instituted by Dr. Thomas B. Rider, a former Georgian, for damages growing out of alleged illegal arrests and prosecutions of Dr. Rider for alleged violations of the regulations of the interior department controlling the government reservation at Hot Springs.

Dr. Rider, who was born and reared in Habersham county, Georgia, married Miss Lynch, of Columbus, Ga. He was here some six weeks, having accompanied his wife to Atlanta for the purpose of visiting his wife's family, who now resde at College Park. Dr. Rider is a graduate of the Atlanta College of Physicians, and after winning a diploma, some 12 years ago, commenced the practice of his profession in Hot Springs, Ark., where he has since resided.

While in Atlanta on his last visit, Dr. Rider spoke of the difficulties which he had encountered in the practice of his profession at Hot Springs, all of which he stated had grown out of what he termed tyrannical persecution of himself through the instrumentality of a chque of physicians in Hot Springs, the alleged persecution being conducted under color of the authority of the federal government through two commissioners in charge of the government reservation at Hot Springs, representing the interior department.

Dr. Rider stated when here that he had just filed suit for $100,000 damages for his alleged persecution and mistreatment, and that even if he failed to recover from ex-Secretary of the Interior Hitchcock, one of the parties defendant in his suit, he would gain the moral effect of ventilating the unjust treatment which he had met at the hands of the government officials.

Oil Found in Louisville, Ga.

Louisville, Ga., April 22.—At a meeting of the directors of the Georgia Petroleum company here the news was given out that oil had been reached, and that a gusher was expected at almost any moment. Machinery has been wired for to begin the drilling of another well, as they claim to have proven beyond doubt that oil really exists. The first well is being drilled on the plantation of S. L. Black, three miles from this place, near a spring, where oil has been coming up for several years.

Mrs. Caperton, at whose home the death of her sister occurred, was one of the bridesmaids at the marriage of the mother of President Roosevelt.

The Story of a Medicine.

Its name—"Golden Medical Discovery" was suggested by one of its most important and valuable ingredients—Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famed "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its make-up.

A glance at the full list of its ingredients, printed on every bottle-wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the strongest endorsement from the leading medical experts, teachers and writers on *Materia Medica* who recommend them as the very best remedies for the diseases for which "Golden Medical Discovery" is advised.

A little book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed *free* to any one asking same by postal card, or letter addressed to the Doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the "Golden Medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections, accompained with catarrhal discharges, hoarseness, sore throat, lingering, or hang-on-coughs, and all those wasting affections which, if not promptly and properly treated are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will. It *will* cure the affections that lead up to consumption, *if taken in time.*

Preparing Brier Wood.

Brier wood for the pipes of American smokers is imported in great quantities from Italy. The larger part of the Italian brier wood is found along the Mediterranean coast. A kind of grubbing spade, with one sharp edge for cutting away the large billet or heart of the root (the valuable part) from the surrounding small roots, is used in this work. After being thoroughly cleaned and trimmed it is brought to the mill and by means of circular saws cut into small blocks corresponding roughly to the shape of a pipe bowl and stem. These blocks are of various sizes, depending upon the dimension and shape of the billet. Afterward they are immersed in boiling water for a period of about twelve hours and then thoroughly dried. This process completed, they are sorted, the imperfect pieces being thrown aside, placed in large jute bags and are then ready for shipment. The waste pieces unsuitable for pipes are sold for firewood.

The Fullness of Country Life.

In the country every morning of the year brings with it a new aspect of springing or fading nature, a new duty to be fulfilled upon earth and a new promise or warning in heaven. No day is without its innocent hope, its special prudence, its kindly gift and its sublime danger and in every process of wise husbandry and every effort of contending or remedial courage. The wholesome passions, pride and bodily power of the laborer are excited and exerted in happiest unison. The companionship of domestic and the care of serviceable animals soften and enlarge his life with lowly charities and discipline him in familiar wisdoms and unboastful fortitudes, while the divine laws of seedtime, which cannot be recalled; harvest, which cannot be hastened, and winter, in which no man can work, compel the impatience and coveting of his heart into labor too submissive to be anxious and rest too sweet to be wanton.—John Ruskin.

Dangerous Ignorance.

If his son came to him and said, "I want you to show me on a piece of paper how this house is drained and why such traps are used," could the average citizen satisfy that son? Of course he could not. A few might be able to do so, but the average man is an ignorant person on all questions of hygiene.—G. H. R. Dabbs, M. D., in C. B. Fry's Magazine.

All Hers.

"I'm told," said Miss Pepprey, "that your bride is very pretty."

"Yes, indeed," replied Mr. Con Seet. "Several of the guests at the ceremony were pleased to call it 'a wedding of beauty and brains.'"

"Really? She must be a remarkable woman to have beauty and brains too."—Philadelphia Press.

He Listened to All.

Fontenelle listened to everything, and he offended no one by disputing anything. At the close of his life he was asked the secret of his success, and he replied that it was by observing two maxims, "Everybody may be right" and "Everything may be so."

The true strength of every human soul is to be dependent on as many nobler as it can discern and to be depended upon by as many inferior as it can reach.—Ruskin.

The roads up were the Louisville and Nashville, the Central of Georgia and the 'Frisco. Evidence was produced to show that the railroads had gone to every one of the sixty-seven counties and secured the valuations from the books.

Two of Calgary's largest industries have closed and the municipal lighting and water works plants are on the verge of shutting down on account of a scarcity of fuel.

DAILY AFFLICTED WITH ECZEMA

For More Than Two Years—Tries Physicians, Patent Remedies, Old Women and Quack Cures and Found No Relief.

USES CUTICURA AND IS SOON SOUND AND WELL

"I was very badly afflicted with eczema for more than two years. The parts affected were my limbs below the knees. I tried all the physicians in the town and some in the surrounding towns, and I also tried all the patent remedies that I heard of, besides all the cures advised by old women and quacks, and found no relief whatever until I commenced using the Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent. In the Cuticura Remedies I found immediate relief, and was soon sound and well. C. V. Beltz, Tippecanoe, Ind., Nov. 15, '05."

DANDRUFF KILLS HAIR

Cuticura Soap Kills Dandruff

"I was troubled with dandruff on my head ever since I was twelve years old. I had beautiful hair up to that time. The dandruff destroyed my hair. I tried everything I could hear of. I had no doctor, but I went into a drug store where I was well acquainted and asked the druggist if he knew of anything that would be good for me. He said: 'Of course I do. Just get a cake of Cuticura Soap.' I got it, and it did my hair good the first time I used it. My sister-in-law couldn't keep the dandruff off the top of her baby's head, and the hair wouldn't grow. I was there, had a cake of Cuticura Soap with me. I told her about it, and gave her the Cuticura Soap, and in about three months I went there again, the child's head was covered with hair and not a sign of dandruff. My sister said it was the Cuticura Soap. The child is not past three years old and has a lovely head of hair. Mrs. E. W. Shigley, Columbus, Kan., Oct. 25, 1905."

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), (in the form of Chocolate Coated Pills 25c. per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

Dies In Electric Chair.

Columbus, O., April 20.—Dr. Oliver Crook Haugh, of Dayton, convicted of the murder of his father, mother and brother, at Dayton, O., on the night of November 4, 1905, was electrocuted in the annex at the Ohio penitentiary a few minutes after midnight Friday. A break in the machinery at the Columbus public service plant, threw the big prison into temporary darkness, but did not interfere with the electrocution. Dr. Haugh continued to manifest to the very last an apparent indifference to his fate. All visitors were excluded from the annex at the penitentiary and Haugh had seen only his spiritual advisors.

Hangs Herself to Bedpost.

Maysville, Ga., April 22.—Mrs. Sara A. Vaughn, a widow, living with her son, Will Vaughn, committed suicide here Friday by hanging herself to the joist at the head of her bed. The family were absent from the house when she tied a small piece of rope around her neck, and climbing upon the bedstead let herself down, and died in a few minutes. No cause for the deed seems to be known except that she had been in poor health for some time.

Orators for Athens.

Athens, Ga., April 22.—Hon. C. M. Candler, of Decatur, will deliver the alumni address at commencement this year. The commencement sermon will be preached by Dr. F. H. Gaines, president of Agnes Scott institute. The commencement address will be delivered by Colonel Alfred P. Thom, of Washington, D. C. Colonel Thom is general counsel of the Southern railway.

Fire Loss of $60,000.

Frederick, Md., April 22.—Two business houses were destroyed and three others damaged by fire Saturday, entailing an estimated aggregate loss of $60,000. F. Oberdorfer, antique furniture dealer, Harry Fuller, wholesale groceries and A. M. Launders, were the heaviest losers.

Final Advice.

"Now, James," says the old physician to his son who has returned from medical college and is about to set up for himself, "there is just one piece of advice I will give you, and if you follow it you cannot fail to be popular and successful."

"What is it, father?"

"Tell every woman that she needs a change of scene, and tell every man that he is working too hard."—New York Life.

was a miss of twelve years, she attended a private school in Washington. One afternoon, says the author of "The Olivia Letters," Nellie's lessons were not learned. The carriage came for her, but the teacher dismissed it with the request that it should return at the end of a half hour. The half hour came and glided away with the lesson still unlearned. The carriage came again and was dismissed. At the end of the second half hour the lesson was committed, and Miss Nellie was permitted to go. The next day at the usual hour the young lady arrived, accompanied by her mother. The teacher began to fear she had lost her most cherished pupil, but Mrs. Grant came to thank her for performing her duty.

"Teach her," said Mrs. Grant, "that she is only plain, simple Nellie Grant, subject to the same rules which govern all the scholars. This course will have my sincere approbation."

Reached the Limit.

A Providence girl, who has been married about six months, had wedding cards a short time ago from an old school friend who had given her a wedding present, which, of course, demanded one in return. Among her wedding presents the Providence girl had duplicates in the shape of two silver card trays, and in a spirit of economy she decided to give one of these to her friend. It was marked with her own initials, but it would be only a matter of a few minutes to have them removed and the proper monogram cut. She took it to the jeweler and explained what was to be done. He picked up the tray, looked at it closely and smiled.

"Madam," said he, "it will be impossible. I have already changed the initials on this same tray five times, and it has worn so thin that I cannot do it again without cutting through the bottom."—Providence Journal.

His Fears Realized.

For years the old country couple had looked forward to spending a holiday in London, and one day they found themselves in the very busiest part of the city. Together they stood watching the traffic, to which there seemed no end. They did not know how to cross the street.

"Whatever you do, Liza, don't git separated from me," said the old man to his wife, "and, whatever you do, don't cross the road without me."

Then a kindly constable came along and, seeing the old woman hesitating, took her by the arm and commenced to pilot her to the opposite side.

"Dang my buttons," cried out the old man in alarm, "I allus told 'er that some one wud take a fancy to 'er, but I didn't think any one 'ud 'ave the imperance to take 'er afore my very eyes!"—London Tit-Bits.

Had a Slow but Sure Gait.

There have been numerous disappointments in the outcome of some of the boys. We remember one boy in particular who was the butt of all ridicule from the boys of his age, and he took it good naturedly. He seemed to have no particular friends and herded by himself. His clothes always looked funny, and he had that awkward swagger over which the rest of us had much sport. No one ever thought that that plug would ever get anywhere or have anything. But today that plug is drawing a better salary than any two of the old gang. He has more money, more influence and more friends than any of the rest of us. The plug had a gait that was slow, but it was sure. He didn't appear to be a bit bright then, but he had a surface that took on a polish.—Westphalia (Mo.) Times.

Where Snow Falls.

If you are not a lover of snow, go to Malta, which is the nearest spot where you are certain of complete immunity. If you are fond of it, the suburbs of St. Petersburg will furnish all you need to ask, for there you may be sure of it for 170 days in the year. The happy medium is supplied by Copenhagen, with thirty days, while Palermo, Rome and Venice, with one, two and five days respectively, may be recommended to those who merely care for snow as a casual and fleeting guest.—London Chronicle.

SOFTNESS OF SEALSKIN.

Is Rivaled by Human Hair Where Dandruff Is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich.

S.S.S. OLD SORES

An old sore or ulcer is only a symptom, an outlet for the impurities and poisons which are in the blood, and as long as this vital fluid remains in this impure, contaminated state the place will never heal. The application of salves, washes, powders, etc., may cause the spot to scab over, but a fresh outpouring of diseased matter from the blood starts it again, and thus it goes on, gradually growing worse and slowly affecting the entire health of the sufferer. There are many ways in which the blood becomes contaminated and poisoned. A long spell of sickness breeds disease germs in the system, the failure of the eliminative members to remove the refuse and waste matter of the body, the excessive use of mineral medicines in certain diseases, all infect the blood with morbid matter and germs which sooner or later is manifested by a sore that refuses to heal. Persons with inherited blood taint are very apt to be afflicted with sores and ulcers. The taint may lie dormant during young, vigorous life, but when middle age is reached or passed and the natural energies begin to grow weaker, the tissues in some weak point break down and a chronic sore is formed and kept open by the constant drainage of impure matter from the blood. If the cause is not removed the sore will continue to grow worse by eating deeper into the flesh, festering, discharging, and slowly undermining the constitution. S. S. S. heals old sores by going down to the very bottom of the trouble, driving out the impurities and building up the entire circulation. When S. S. S. has removed the cause the blood becomes rich and healthy, the sore begins to heal, new flesh is formed, and soon the place is cured. Do not depend on external applications, which do not reach the blood, but begin the use of S. S. S. and remove of the cause, and then the sore must heal. The First Two Days

Of the great spring opening sale at the G. W. Hyde Co's. go to show the increased popularity of this great store. From early morning until closing the store was so crowded and no such volume of business was ever done in this store in one day at this season of the year.

The G. W. Hyde Co. do not claim to be the cheapest store on earth, but they do own their goods a little less than the average merchant, and they always are selling at much less than others.

You will not regret it if you spend your time and money at this store and especially during the next ten days.
